Dear Sir:

In response to the requirement for election of invention mailed March 24, 2006, applicants hereby provisionally elect, with traverse, the subject matter of Group I, claims 1-5, drawn to a bicyclic cyclopropane compounds. The restriction requirement between the inventions of Groups I, II, III, IV and V is improper because the respective fields of search are closely related. Therefore, there would be no undue burden imposed by the examination of the claims of Group I together with the claims of Groups II, III, IV and V. Examination of all the claims of record is next in order, and such action is hereby earnestly solicited.

Respectfully submitted,

Date: 5/4/06
